Junction box without insertion opening,  
114x114x57, Light grey, 7035,  
Polypropylene, PP

Buy it at [Electric Automation Network](#)

The junction boxes are made of a thermoplastic polypropylene polymer with closed side walls. This means that the required openings can be made wherever they are required. EDK plug-in seals or cable glands with locknuts can be inserted in these openings, to allow cable insertion.

The junction boxes can be mounted on mounting plates in the openings on the floor using steel screws 3.5 x 9.5.

Clear internal dimensions: 100x100x46 mm

Cover with labelling panel and lead-sealed.
