Cover adapter for Design duct, Graphite black, 9011, Polyamide, PA

[Buy it at Electric Automation Network](#)

Cover adapter for mounting on duct bases and fittings of the GAD design device installation duct series. The cover adapter can be pushed into a guide on the base and is used to accept the duct cover and keep it at the desired spacing. It is also used for bundled cable exits and can be moved into the lengthwise direction. A maximum spacing of 50 cm between the cover adapters must be maintained.
