Termination resistor - FL LCX 50-OHM - 2884978

Please be informed that the data shown in this PDF Document is generated from our Online Catalog. Please find the complete data in the user's documentation. Our General Terms of Use for Downloads are valid (<http://phoenixcontact.com/download>)

A termination resistor must be screwed on at the end of the leaky wave conductor which does not contain any wireless part. It guarantees an antenna cable termination with the correct impedance and is important for every wireless installation.
