Delivery programme

Input signal			5 V DC
--------------	--	--	--------

Modules

Inputs pulse form to DIN 19240			Square, triangular, sinusoidal Two pulse sequences, offset by 90°
Max. input voltage		V DC	5
Min. input voltage		V DC	1
Input current normally		mA	0.33
1 signal detection		V	2
0 signal detection		V	1
Space requirement per module			2 sockets on the card
