

Padlockable pushbutton, ON-OFF, plastic

Part no. +IZM-PLPC-P
Catalog No. 122767

Delivery program

Product range			Accessories
Accessories			Interlocks
Accessories			Locking ON/OFF buttons
			The circuit-breaker's ON/OFF buttons can be locked together by using the interlock. It is also possible to lock only the ON or the OFF button by using a padlock. This means that it will no longer be possible to actuate the circuit-breaker locally. The optional remote switching mechanism that uses an ON/OFF coil will not be interlocked P = Insulated material
Material			Plastic
For use with			IZMX16... INX16... IZMX40... INX40...

Design verification as per IEC/EN 61439
