

Roller plunger for AT0 ...

Part no. **ZRS-AT0**  
 Catalog No. **031083**

### Delivery program

Basic function			Operating heads
Part group reference			AT0
Product range			Roller plunger, centre fixing
Degree of Protection			IP65
For use with			Basic devices AT0

### Design verification as per IEC/EN 61439

Technical data for design verification			
Operating ambient temperature min.		°C	25
Operating ambient temperature max.		°C	70

### Technical data ETIM 7.0

Sensors (EG000026) / Drive head for position switches/hinge switches (EC001483)			
Electric engineering, automation, process control engineering / Binary sensor technology, safety-related sensor technology / Position switch / Drive head for position switches (ecI@ss10.0.1-27-27-06-04 [BAA083012])			
Type of control element			Roller cam
