

Screen winding, for DTZ transformer up to 20KVA

Part no. +W20,0
Catalog No. 082275
Alternate Catalog No. -

Delivery program

Product range			Accessories
Accessories			Shielding winding
For use with			DTZ8.0 ... DTZ20
Cu factor 0,00			

Technical data

General

Ambient temperature			-25 - 40
---------------------	--	--	----------

Characteristics

Insulation class			B/F
Separate windings			●

Design verification as per IEC/EN 61439

Technical data for design verification			
Operating ambient temperature min.		°C	-25
Operating ambient temperature max.		°C	40

Technical data ETIM 7.0

Low-voltage industrial components (EG000017) / Accessories for low-voltage switch technology (EC002498)			
Electric engineering, automation, process control engineering / Low-voltage switch technology / Component for low-voltage switching technology / Component for low-voltage switch technology (accessories) (ecl@ss10.0.1-27-37-13-92 [AKN570013])			
Type of accessory			Other

Approvals

North America Certification			UL/CSA certification not required
-----------------------------	--	--	-----------------------------------
