Reference: AF38Z-30-22-21
Code: 1SBL296001R2122
AF38Z-30-22-21 24-60V50/60HZ 20-60VDC Contactor

Buy it at Electric Automation Network

AF38Z contactors are used for controlling power circuits up to 690 V AC and 220 V DC. They are mainly used for controlling 3-phase motors, non-inductive or slightly inductive loads. AF..Z contactors include an electronic coil interface accepting a wide control voltage Uc min. ... Uc max. Only four coils cover control voltages between $24 \ldots 250 \mathrm{~V} 50 / 60 \mathrm{~Hz}$ or $12 . . .250 \mathrm{~V}$ DC. AF.. Z contactors can manage large control voltage variations. One coil can be used for different control voltages used worldwide without any coil change. AF.. Z contactors allow direct control by PLC-output $\geq 24 \mathrm{~V}$ DC 500 mA and obtain a reduced holding coil consumption. AF. Z contactors withstand short voltage dips and voltage sags (SEMI F47-0706 compliance) between $24 . . .250 \mathrm{~V} 50 / 60 \mathrm{~Hz}$ AF. . Z contactors have built-in surge protection and do not require additional surge suppressors The AF... series 2-stack 3-pole contactors are of the block type design. - Main poles and auxiliary contact blocks: 3 main poles with a nonremovable front-mounted 2 N.O. +2 N.C. auxiliary contact block, side-mounted addon auxiliary contact blocks (mechanically-linked auxiliary contacts compliant with Annex L of IEC 60947-5-1 including the "Mechanically Linked" symbol on the contactor side. N.C. mirror contacts compliant with Annex F of IEC 60947-4-1) Control circuit: AC or DC operated - Accessories: a wide range of accessories is available. Note: 2-stack contactors available in some countries: please consult your ABB representative.

Ordering

| EAN: | 3471523114913 |
| :--- | :--- |
| Minimum Order Quantity: | 1 piece |
| Customs Tariff Number: | 85369085 |

## Dimensions

| Product Net Width: | 45 mm |
| :--- | :--- |
| Product Net Depth: | 119.5 mm |
| Product Net Height: | 86 mm |
| Product Net Weight: | 0.400 kg |
