Automation specialists

Reference: 037N0153

Type Code MCI 45CL , Weight 9.36 Kg , Approval CE, EAC ,
Control volt. DC 24 - 480 V

Buy it at Electric Automation Network

Offers better reduction of starting current than a traditional star/ delta starter IP 65
Main and repair switch Short circuit and overload protection Manual and remote
operation of starter Terminal strip for connection Control circuit fuses Only 3
conductors for motor No zero conductor necessary CE approval

Type Code	MCI 45CL
Weight	9.36 Kg
Approval	CE, EAC
Control volt. DC	24 - 480 V
Control volt., 50/60 Hz	24 - 480 V
Controlled phases	3
EAN no.	5702423199235
Fixed setting	No

Max. load [A]	45 A
Max. load, AC-3 [kW]	22,00 kW
Descript.	COMPLETE SOFT STARTER
Prod. Group	Contactors and motor starters
Prod. name	Electronic motor starter
Supply volt. AC	400 V
