Channel 1 (light control)

4 sec. - 10 min.

2 - 2000 Lux

PRODUCT INFORMATION

- Decorative nostalgic outdoor lighting **LUXOMAT®** LT130-MD6-Antique with motion detector and twilight switch and an approximately 130° angle of detection
- Detection range may be mechanically adjusted from approx. 2 to 7 m distance
- Twilight switch may be set for permanent operation or to only switch on as darkness sets in. The light will then be switched off during daylight hours.
- Twilight switch and activation time may be continuously varied
- Motion detector with range stabilization, i.e. temperature-related range fluctuations are smaller than those experienced with conventional sensors.
- **Application examples:** outdoor lighting on houses, walls, patios
