

LPS10USA

POWER SOCKET WITH INTEGRATED FUSE

The LPS10USA power socket with integrated fuse is UL approved, and the product is marked according to it.

The devices covered under this category are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to Underwriters Laboratories Inc.
