Delivery programme

Input signal			24 V DC
--------------	--	--	---------

Modules

Inputs pulse form to DIN 19240			Square, triangular, sinusoidal Two pulse sequences, offset by 90°
Max. input voltage		V DC	30
Min. input voltage		V DC	3
Input current normally		mA	1.6
1 signal detection		V	15
0 signal detection		V	5
Space requirement per module			2 sockets on the card
