Powering Business Worldwide™

Caractéristiques techniques ETIM 4.0

Mounting type			DIN-rail
Width		mm	52.5 mm
Height		mm	90 mm
Depth		mm	65.5 mm
Number of channels			2
Weekly program			true
Annual program			false
Width in number of modular spacings			3
60 min. program			false
24 h program			false
Mains-synchronous			false
Quartz controlled			true
Automatic switching summer-/winter time			false
Manual operation			false
Switching preselection			false
Contact type			Change-over contact
Voltage type of supply voltage			AC
Potential free switch contact			true
Supply voltage range		V	253 V
Frequency supply voltage from/to		Hz	60 Hz
Autonomy in years			0
Autonomy in hours			72
Shortest switching time channel 1		min	15 min
Shortest switching time channel 2		min	15 min
Nominal switching current at 250 V AC		A	16 A
Program shift divide 1		min	15 min
Program shift divide 2		min	15 min
Degree of protection (IP)			IP20
Autonomy per day		s	1 s
