SA-TD/1W
111450

Caractéristiques techniques ETIM 4.0

Mounting type			DIN-rail
Width		mm	36 mm
Height		mm	90 mm
Depth		mm	60 mm
Number of memory locations			56
Astro program			true
Number of channels			1
Radio-controlled			false
Weekly program			true
Annual program			false
Width in number of modular spacings			2
60 min. program			false
24 h program			false
Holiday program			false
Random program			false
Impulse program			false
Cycle program			false
Mains-synchronous			false
Quartz controlled			false
Automatic switching summer-/winter time			true
Manual operation			true
Switching preselection			true
Contact type			Change-over contact
Voltage type of supply voltage			AC
Potential free switch contact			false
Supply voltage range		V	240 V
Hour meter			false
Frequency supply voltage from/to		Hz	50 Hz
Autonomy in years			10
Autonomy in hours			87600
Shortest switching time channel 1		min	1 min
Shortest switching time channel 2		min	0 min
Nominal switching current at 250 V AC		A	0 A
Text instructions in display			true
Degree of protection (IP)			IP20
Autonomy per day		s	1 s
External pushbutton input			false
