

Control unit type V, DT520LSI

Part no. IZMX-DTV
Catalog No. 124013

Delivery program

Product range			Accessories
Accessories			Options / accessories trip blocks
Accessories			Control unit for selective protection
			Type V
			Comes with every basic device type IZMX...-V...
For use with			IZMX...

Design verification as per IEC/EN 61439

Technical data for design verification			
Operating ambient temperature min.		°C	-25
Operating ambient temperature max.		°C	70

Technical data ETIM 7.0

Low-voltage industrial components (EG000017) / Accessories for low-voltage switch technology (EC002498)			
Electric engineering, automation, process control engineering / Low-voltage switch technology / Component for low-voltage switching technology / Component for low-voltage switch technology (accessories) (ecI@ss10.0.1-27-37-13-92 [AKN570013])			
Type of accessory			Communication and measuring function
