### **DATASHEET - NZM1-XTVDVR-0-NA**

Door coupling rotary handle, red-yellow, lockable, size 1

Powering Business Worldwide\*

Part no. NZM1-XTVDVR-0-NA Catalog No. 100679

Similar to illustration

lockable

Door coupling rotary handle UL/CSA, IEC Construction size NZM1 Description Door coupling rotary handle for operating the switch through a closed control panel door Function F	Delivery program	
UL/CSA, IEC Construction size  NZM1  Door coupling rotary handle for operating the switch through a closed control panel door  Function  Red-yellow for emergency switching off  UL/CSA Type 4X, Type 12  Locking facility  Door interlock  Project planning information  Project planning information  Complete including rotary handle for operating the switch through a closed control panel door  Not defeated in the locked OFF position.  Door opens only with active rotation beyond the 0 position  Complete including rotary drive and coupling parts  Cannot be combined with mechanical interlock  For extremely narrow fittings  With special short extension shaft  Cannot be combined with NZMXDZ additional handle  External warning plate/designation label can be clipped on.	Product range	Accessories
Description Door coupling rotary handle for operating the switch through a closed control panel door Function Red-yellow for emergency switching off Protection class Protection class Protection class Protection class Door interlock Door interlock Door interlock Protection class Door interlock Door interlock Door interlock Protection class Door interlock Door interlock Door interlock Door interlock Door interlock Protection class Door interlock Door opens only with active rotation beyond the 0 position Complete including rotary drive and coupling parts Cannot be combined with mechanical interlock For extremely narrow fittings With special short extension shaft Cannot be combined with NZMXDZ additional handle External warning plate/designation label can be clipped on.	Accessories	Door coupling rotary handle
Door coupling rotary handle for operating the switch through a closed control panel door Red-yellow for emergency switching off Protection class Protection cla	Standard/Approval	UL/CSA, IEC
panel door Function  Red-yellow for emergency switching off Protection class  Protection class  Protection class  LU/CSA Type 4X, Type 12  Lockable on the handle on the switch using up to 3 padlocks With door interlock  Not defeated in the locked OFF position. Door opens only with active rotation beyond the 0 position  Complete including rotary drive and coupling parts Cannot be combined with mechanical interlock For extremely narrow fittings With special short extension shaft Cannot be combined with NZMXDZ additional handle External warning plate/designation label can be clipped on.	Construction size	NZM1
Protection class  IP66 UL/CSA Type 4X, Type 12  lockable on the handle on the switch using up to 3 padlocks With door interlock  Not defeated in the locked OFF position. Door opens only with active rotation beyond the 0 position  Project planning information  Complete including rotary drive and coupling parts Cannot be combined with mechanical interlock For extremely narrow fittings With special short extension shaft Cannot be combined with NZMXDZ additional handle External warning plate/designation label can be clipped on.	Description	
UL/CSA Type 4X, Type 12  Locking facility  Locking facility  Lockable on the handle on the switch using up to 3 padlocks With door interlock  Not defeated in the locked OFF position. Door opens only with active rotation beyond the 0 position  Complete including rotary drive and coupling parts Cannot be combined with mechanical interlock For extremely narrow fittings With special short extension shaft Cannot be combined with NZMXDZ additional handle External warning plate/designation label can be clipped on.	Function	Red-yellow for emergency switching off
With door interlock  Not defeated in the locked OFF position. Door opens only with active rotation beyond the 0 position  Complete including rotary drive and coupling parts Cannot be combined with mechanical interlock For extremely narrow fittings With special short extension shaft Cannot be combined with NZMXDZ additional handle External warning plate/designation label can be clipped on.	Protection class	11 11
Door opens only with active rotation beyond the 0 position  Complete including rotary drive and coupling parts Cannot be combined with mechanical interlock For extremely narrow fittings With special short extension shaft Cannot be combined with NZMXDZ additional handle External warning plate/designation label can be clipped on.	Locking facility	
Cannot be combined with mechanical interlock For extremely narrow fittings With special short extension shaft Cannot be combined with NZMXDZ additional handle External warning plate/designation label can be clipped on.	Door interlock	
or use with NZM1, N(S)1	Project planning information	Cannot be combined with mechanical interlock For extremely narrow fittings With special short extension shaft Cannot be combined with NZMXDZ additional handle
	For use with	NZM1, N(S)1

single

#### Design verification as per IEC/EN 61439

Design verification as per IEC/EN 61439	
IEC/EN 61439 design verification	
10.2 Strength of materials and parts	
10.2.2 Corrosion resistance	Meets the product standard's requirements.
10.2.3.1 Verification of thermal stability of enclosures	Meets the product standard's requirements.
10.2.3.2 Verification of resistance of insulating materials to normal heat	Meets the product standard's requirements.
10.2.3.3 Verification of resistance of insulating materials to abnormal heat and fire due to internal electric effects	Meets the product standard's requirements.
10.2.4 Resistance to ultra-violet (UV) radiation	Meets the product standard's requirements.
10.2.5 Lifting	Does not apply, since the entire switchgear needs to be evaluated.
10.2.6 Mechanical impact	Does not apply, since the entire switchgear needs to be evaluated.
10.2.7 Inscriptions	Meets the product standard's requirements.
10.3 Degree of protection of ASSEMBLIES	Does not apply, since the entire switchgear needs to be evaluated.
10.4 Clearances and creepage distances	Meets the product standard's requirements.
10.5 Protection against electric shock	Does not apply, since the entire switchgear needs to be evaluated.
10.6 Incorporation of switching devices and components	Does not apply, since the entire switchgear needs to be evaluated.
10.7 Internal electrical circuits and connections	Is the panel builder's responsibility.
10.8 Connections for external conductors	Is the panel builder's responsibility.
10.9 Insulation properties	
10.9.2 Power-frequency electric strength	Is the panel builder's responsibility.
10.9.3 Impulse withstand voltage	Is the panel builder's responsibility.
10.9.4 Testing of enclosures made of insulating material	Is the panel builder's responsibility.
10.10 Temperature rise	The panel builder is responsible for the temperature rise calculation. Eaton will provide heat dissipation data for the devices.
10.11 Short-circuit rating	Is the panel builder's responsibility. The specifications for the switchgear must b observed.
10.12 Electromagnetic compatibility	Is the panel builder's responsibility. The specifications for the switchgear must b observed.

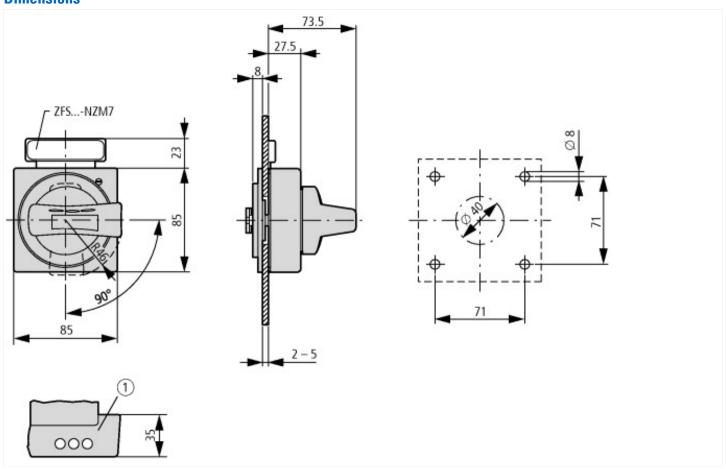

# **Technical data ETIM 7.0**

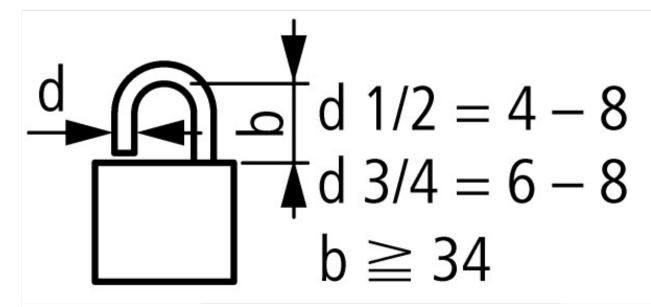

Low-voltage industrial components (EG000017) / Handle for power circuit breaker (EC000229)		
Electric engineering, automation, process control engineering / Low-voltage switch technology / Circuit breaker (LV < 1 kV) / Handle for switch devices (ecl@ss10.0.1-27-37-04-14 [AKF012014])		
Lockable	Yes	
Colour	Red	
Suitable for emergency stop	Yes	
With extension shaft	No	
Suitable for power circuit breaker	Yes	
Suitable for switch disconnector	Yes	

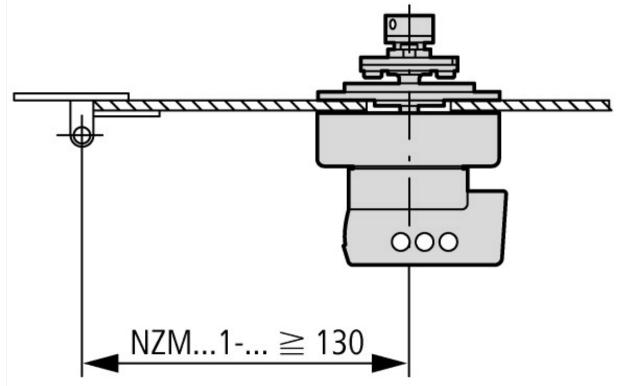

# **Approvals**

Product Standards	UL489; CSA-C22.2 No. 5-09; IEC60947, CE marking
UL File No.	E140305
UL Category Control No.	DIHS
CSA File No.	022086
CSA Class No.	1437-01
North America Certification	UL listed, CSA certified
Specially designed for North America	Rotary handle with additional 4th position, beyond OFF, to release door interlock.
Degree of Protection	IEC: IP66, UL/CSA Type 4X, 12

### **Dimensions**

Minimum door coupling rotary handle clearance from door pivot point
