## Main switch assembly kit, left, frame size 1

Part no. NZM1-XSM-L 266663

| General specifications                     |   |
|--|---|
| Product name                               | Eaton Moeller series NZM operating element  |
| Part no.                                   | NZM1-XSM-L  |
| EAN  | 4015082666637   |
| Product Length/Depth                       | 190 millimetre  |
| Product height                             | 180 millimetre  |
| Product width                              | 145 millimetre  |
| Product weight                             | 1.6 kilogram  |
| Compliances                                | IEC<br>UL/CSA<br>RoHS conform   |
| Certifications                             | UL (File No. E140305) UL (Category Control Number DIHS) CSA (File No. 22086) CSA certified CE marking IEC60947 UL listed UL489 CSA (Class No. 1437-01) CSA-C22.2 No. 5-09   |
| Product Tradename                          | NZM   |
| Product Type                               | Accessories   |
| Product Sub Type                           | Operating element   |
| Delivery program                           |   |
| Туре                                       | Accessory Main switch assembly kit for side panel mounting  |
| Features                                   | Standard: black / gray Lockable For direct mounting of circuit-breaker and handle in the side wall of the control cabinet   |
| Special features                           | External warning plate/designation label can be clipped on. For enhanced busbar tag shroud on the incomer side, please order IP2X protection against contact with a finger. Kit for use as a main switch  |
| Frame                                      | NZM1  |
| Fitted with:                               | Door coupling rotary handle External warning plate/marking plate in German/English Extension shaft Black and yellow lightning symbol Special short extension shaft Mounting brackets Padlock  |
| Suitable for                               | Switch disconnector Power circuit breaker   |
| Used with                                  | NZM1(-4)<br>N(S)1(-4)<br>PN1(-4)  |
| Technical Data - Mechanical                |   |
| Color                                      | Black   |
| Cover/door type                            | Door interlock lockable in 0 position on handle Narrowest minimum clearance between enclosure side plates of control panel and circuit breaker is defined by mounting bracket. Door interlock extension cannot be used. Door interlock can also be modified in I position |
| Degree of protection / NEMA enclosure type | IP66<br>4X. 12  |
| Activation type                            | Actuation on the left   |
| Special features                           | External warning plate/designation label can be clipped on. For enhanced busbar tag shroud on the incomer side, please order IP2X protection against contact with a finger. Kit for use as a main switch  |
| Design verification as per IEC/EN 61439    |   |
| 10.2.2 Corrosion resistance                | Meets the product standard's requirements.  |

| 10.2.3.1 Verification of thermal stability of enclosures                         | Meets the product standard's requirements.   |
|--|--|
| 10.2.3.2 Verification of resistance of insulating materials to normal heat       | Meets the product standard's requirements.   |
| 10.2.3.3 Resist. of insul. mat. to abnormal heat/fire by internal elect. effects | Meets the product standard's requirements.   |
| 10.2.4 Resistance to ultra-violet (UV) radiation                                 | Meets the product standard's requirements.   |
| 10.2.5 Lifting   | Does not apply, since the entire switchgear needs to be evaluated.   |
| 10.2.6 Mechanical impact   | Does not apply, since the entire switchgear needs to be evaluated.   |
| 10.2.7 Inscriptions  | Meets the product standard's requirements.   |
| 10.3 Degree of protection of assemblies  | Does not apply, since the entire switchgear needs to be evaluated.   |
| 10.4 Clearances and creepage distances   | Meets the product standard's requirements.   |
| 10.5 Protection against electric shock   | Does not apply, since the entire switchgear needs to be evaluated.   |
| 10.6 Incorporation of switching devices and components                           | Does not apply, since the entire switchgear needs to be evaluated.   |
| 10.7 Internal electrical circuits and connections                                | Is the panel builder's responsibility.   |
| 10.8 Connections for external conductors   | Is the panel builder's responsibility.   |
| 10.9.2 Power-frequency electric strength   | Is the panel builder's responsibility.   |
| 10.9.3 Impulse withstand voltage   | Is the panel builder's responsibility.   |
| 10.9.4 Testing of enclosures made of insulating material                         | Is the panel builder's responsibility.   |
| 10.10 Temperature rise   | The panel builder is responsible for the temperature rise calculation. Eaton will provide heat dissipation data for the devices. |
| 10.11 Short-circuit rating   | Is the panel builder's responsibility. The specifications for the switchgear must observed.                                      |
| 10.12 Electromagnetic compatibility  | Is the panel builder's responsibility. The specifications for the switchgear must observed.                                      |
| 10.13 Mechanical function  | The device meets the requirements, provided the information in the instruction leaflet (IL) is observed.                         |

## Technical data FTIM 9.0

| ICCIIIICAI UALA ETIIVI 3.0   |        |  |
|--|--------|--|
| Low-voltage industrial components (EG000017) / Handle for power circuit breaker (EC000229)   |        |  |
| Electric engineering, automation, process control engineering / Low-voltage switch technology / Circuit breaker (LV < 1 kV) / Handle for switch devices (ecl@ss13-27-37-04-14 [AKF012019]) |        |  |
| With restart blockage  | No     |  |
| With key lock  | No     |  |
| Padlock locking  | Yes    |  |
| Colour   | Black  |  |
| Suitable for emergency stop  | No     |  |
| With extension shaft   | Yes    |  |
| Suitable for power circuit breaker   | Yes    |  |
| Suitable for switch disconnector   | Yes    |  |
| Degree of protection (NEMA)  | 4X, 12 |  |
