## DATASHEET - BC-U-1/8-ECO

ECO Compact distribution board, flush mounting, 1-rows, 8 MU, IP40

### **Delivery program**

| Basic function                                   |                                      |                 | Basic device   |
|--|--------------------------------------|-----------------|--|
| Product function                                 |                                      |                 | Installation distribution boards   |

#### Technical data General

| General  |    |      |                        |
|--|----|------|------------------------|
| Standards  |    |      | EN 62208_x             |
| RoHS (in accordance with Directive 2002/95/EC of the European Parliament and Council) $\label{eq:council}$ |    |      | conform                |
| Ambient temperature  |    | °C   | -20 - +70              |
| Degree of Protection   |    |      | IP40                   |
| Protection class   |    |      | II (totally insulated) |
| Rated operational voltage  | Ue | V AC | 400                    |
| Rated frequency  | f  | Hz   | 50                     |
| Material characteristics   |    |      |                        |
| Material   |    |      | ABS (plastic)          |
| Colour   |    |      | white (RAL 9003)       |
| Material properties  |    |      |                        |
| Mechanical   |    |      |                        |
| Impact resistance  |    |      | IK05                   |
|  |    |      |                        |

# Design verification as per IEC/EN 61439

| IEC/EN 61439 design verification   |  |
|--|--|
| 10.2 Strength of materials and parts   |  |
| 10.2.2 Corrosion resistance  | Meets the product standard's requirements.         |
| 10.2.3.1 Verification of thermal stability of enclosures   | Meets the product standard's requirements.         |
| 10.2.3.2 Verification of resistance of insulating materials to normal heat   | Meets the product standard's requirements.         |
| 10.2.3.3 Verification of resistance of insulating materials to abnormal heat and fire due to internal electric effects | 850 °C; meets the product standard's requirements. |
| 10.2.4 Resistance to ultra-violet (UV) radiation   | Not relevant to indoor installations.              |

| 10.2.5 Lifting   | Does not apply to enclosures without lifting aids.   |
|--|--|
| 10.2.6 Mechanical impact                                 | IK05   |
| 10.2.7 Inscriptions                                      | Meets the product standard's requirements.   |
| 10.3 Degree of protection of ASSEMBLIES                  | IP40   |
| 10.4 Clearances and creepage distances                   | Is the panel builder's responsibility.   |
| 10.5 Protection against electric shock                   | Protection class 2, therefore not applicable.  |
| 10.6 Incorporation of switching devices and components   | Is the panel builder's responsibility.   |
| 10.7 Internal electrical circuits and connections        | Is the panel builder's responsibility.   |
| 10.8 Connections for external conductors                 | Is the panel builder's responsibility.   |
| 10.9 Insulation properties                               |  |
| 10.9.2 Power-frequency electric strength                 | U <sub>i</sub> = 400 V AC  |
| 10.9.3 Impulse withstand voltage                         | 3.75 kV  |
| 10.9.4 Testing of enclosures made of insulating material | Meets the product standard's requirements.   |
| 10.10 Temperature rise                                   | The panel builder is responsible for the temperature rise calculation. Eaton will provide heat dissipation data for the devices. |
| 10.11 Short-circuit rating                               | Is the panel builder's responsibility.   |
| 10.12 Electromagnetic compatibility                      | Is the panel builder's responsibility.   |
| 10.13 Mechanical function                                | Meets the product standard's requirements.   |

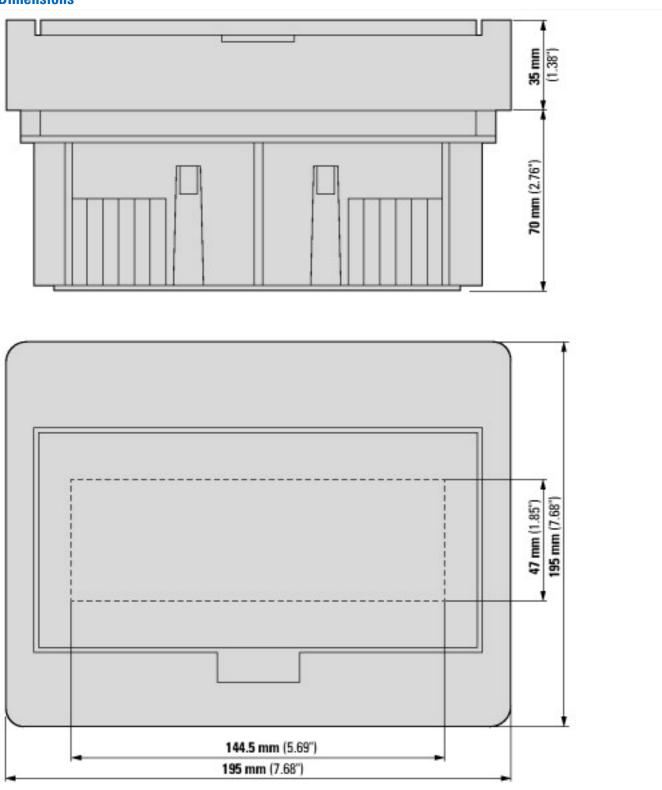

#### **Technical data ETIM 7.0**

Distribution boards (EG000023) / Small distribution board (EC000214)

Electric engineering, automation, process control engineering / Electrical installation, device / Electrical distribution system (incl. small distribution board) / Small distribution board (ecl@ss10.0.1-27-14-24-09 [ACN387011])

| Mounting method                     |    | Flush mounted (plaster) |
|-------------------------------------|----|-------------------------|
| Number of rows                      |    | 1                       |
| Width in number of modular spacings |    | 8                       |
| Type of cover                       |    | Door                    |
| Cover model                         |    | Closed                  |
| Transparent cover/door              |    | Yes                     |
| Material housing                    |    | Plastic                 |
| Height                              | mm | 195                     |
| Width                               | mm | 195                     |
| Depth                               | mm | 105                     |
| Built-in depth                      | mm | 70                      |
| Internal depth                      | mm | 98                      |
| DIN-rail                            |    | Yes                     |
| With mounting plate                 |    | No                      |
| Extension possible                  |    | No                      |
| EMC-version                         |    | No                      |
| Colour                              |    | White                   |
| RAL-number                          |    | 9003                    |
| Degree of protection (IP)           |    | IP40                    |
| With lock                           |    | No                      |
| Type of closure                     |    | Other                   |
|                                     |    |                         |
