

Retro-reflector, round 31mm, self-adhesive

Part no. 6200A-6504
Catalog No. 135745
Alternate Catalog No. 6200A-6504

Delivery program

Basic function			Accessories
Accessories			Retro-reflector
Description			Adhesive film
Material			Insulated material
Design (outer dimensions)		mm	∅ 33 mm
For use with			
For use with			Reflex photoelectric sensor with or without polarized filter

Design verification as per IEC/EN 61439

Technical data for design verification			
Operating ambient temperature min.		°C	-40
Operating ambient temperature max.		°C	70

Technical data ETIM 7.0

Sensors (EG000026) / Reflector for light curtain (EC002467)			
Electric engineering, automation, process control engineering / Binary sensor technology, safety-related sensor technology / Elements for optical sensors / Reflector for light curtain (ec@ss10.0.1-27-27-36-01 [AFX009003])			
Shape			Round
Height		mm	0
Width		mm	0
Outer diameter		mm	33
Number of mounting holes			0
Self adhesive mounting			Yes
With stud			No

Approvals

Product Standards			none
