

Signalling switch tripped, 2 W

Part no. +IZM-OTS-1
Catalog No. 303838

Delivery program

Accessories			Trip indication / Reset options
Accessories			Trip-indicating auxiliary switch
For use with			IZM63... IN63...
Instructions			If ordered separately a secondary terminal unit IZM-SEC-... is necessary for connection. Order separately if required. Terminal assignment in the catalogue.

Technical data ETIM 8.0

Low-voltage industrial components (EG000017) / Auxiliary contact block (EC000041)			
Electric engineering, automation, process control engineering / Low-voltage switch technology / Component for low-voltage switching technology / Auxiliary switch block (ecl@ss10.0.1-27-37-13-02 [AKN342013])			
Number of contacts as change-over contact			2
Number of contacts as normally open contact			0
Number of contacts as normally closed contact			0
Number of fault-signal switches			2
Rated operation current I _e at AC-15, 230 V		A	0
Type of electric connection			Other
Model			Integrable
Mounting method			Other
Lamp holder			None
